

# SCENTIER SYNERGY LAMPE PARFUM

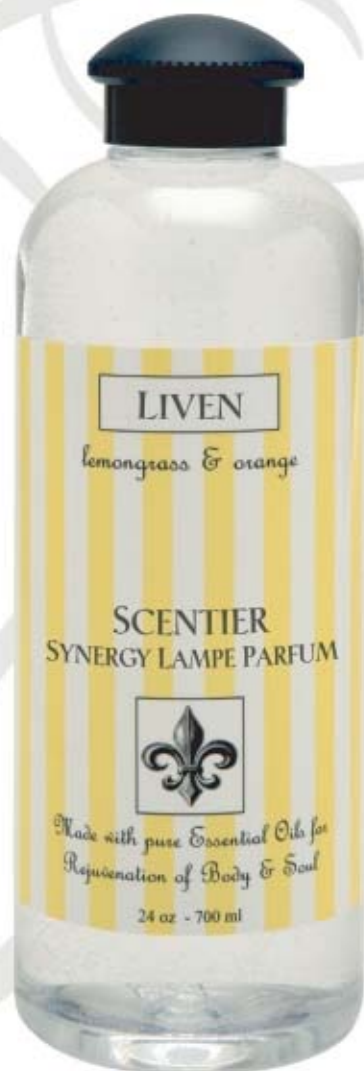

for the Rejuvenation  
of Body & Soul.

Made with the Purest Essential Oils to be found. From the Sensual Ylang found in the Comoro Islands of the Western Indian Ocean to Italy for the Aromatic Bergamot, Scentier's perfumers search the World over to bring you the Finest Essential Oils used in our New Synergy Lampe Parfum.

When pure essential oils are blended, a natural chemical reaction occurs and the essential oils combine a new compound. Example: When lime is blended with bergamot, its uplifting, refreshing aspect is increased. When lavender is added to tangerine the calming qualities are enhanced. This process is known as Synergy.

Scentier's New Synergy Lampe Parfums will touch your Heart, refresh, and make you aware of the Beauty surrounding you. "Opening the door to your Body & Soul."

Opening the door
